

Dear Valued Customer,

To address the ongoing volatility in energy and transportation costs, Mid Michigan and Koenig Materials will implement an Energy Surcharge and a Fuel Surcharge effective Monday, June 15th, 2026. These schedules are outlined below.

The Energy Surcharge applies to all aggregate materials sold, including both customer-picked-up and delivered materials, and is applied on a per-ton basis. This schedule increases at each 50¢ interval beyond a \$7.00 fuel average at 50¢ per ton increments:

Fuel Cost		Per Ton Surcharge
\$ 5.00	\$ 5.50	\$ 0.50
\$ 5.51	\$ 6.00	\$ 1.00
\$ 6.01	\$ 6.50	\$ 1.50
\$ 6.51	\$ 7.00	\$ 2.00

The Fuel Surcharge applies only to delivery costs by our transportation providers. This is applied as a percentage to the total cost of freight. This schedule is at each 25¢ interval beyond a \$6.00 fuel average at an additional 2% increments:

Fuel Cost		Freight Cost Surcharge
\$ 4.01	\$ 4.25	2%
\$ 4.26	\$ 4.50	4%
\$ 4.51	\$ 4.75	6%
\$ 4.76	\$ 5.00	8%
\$ 5.01	\$ 5.25	10%
\$ 5.26	\$ 5.50	12%
\$ 5.51	\$ 5.75	14%
\$ 5.76	\$ 6.00	16%

The applicable Energy and Fuel Surcharges for each month will be determined using the prior month’s published DOE Midwest On-Highway Diesel Fuel Price Average and the corresponding surcharge schedules.

We appreciate your business and continued partnership. If you have any questions regarding the surcharge schedules or their application, please get in touch with us.

Sincerely,

Mid Michigan & Koenig Materials
